MARINE SERVICES

www.capital-cml.com

Capital Marine

When you're engaged in offshore exploration, construction and production, laying submarine pipes or cables, or operating a rig or production platform, you need a marine services partner who can shoulder the load. Capital Marine has the know-how and equipment needed to make sure even the biggest jobs go as planned.

Operating from fully equipped marine bases in Cairo, our comprehensive offshore marine support includes anchor handling, project cargo transportation, platform supply, crew changes and supplies, as well as rig moves and tug & barge operations. Operations are supported by our growing fleet of anchor handling tug supply vessels, anchor handling tugs, crew boats, tow tugs, barges, utility vessels and landing craft.

Capital Marine

We have the flexibility to respond to your needs for equipment modification efficiently and cost-effectively. Our expert crew, maintenance and other land-based staff are at hand to facilitate short turn-around times for class surveys, repairs and maintenance.

Long track record

The Capital C.M.L has been serving the offshore marine sector for more than twenty years. We participated in building the oil & gas infrastructure in Egypt, from the seabed up giving us unrivalled experience in providing marine support services to the offshore industry.

Unmatched safety and quality

Safety, quality and compliance are paramount in the provision of marine services and we have an enviable HSSE (Health, Safety, Security & Environment) track record. Everything we do is in line with the Capital C.M.L's strict Compliance & Ethics policies and Code of Ethics, as well as anti-corruption regulations such as the US Foreign Corrupt Practices Act (FCPA) and the UK Bribery Act 2010.

Capital Marine

Capital Marine's commitment to Quality, Health, Safety, Security and Environment (HSSE) was reflected in our early adoption of a strong quality and safety culture and our continuous efforts to meet the requirements of all relevant regulatory bodies and customers. Capital Marine is certified in accordance with the ISM Code and has ISO 9001, ISO 14001, ISO 22000, OHSAS 18001 and HACCP certification.

A lot at stake

The bigger the project, the more important a partner's credentials – and Capital Marine's track record is nothing if not reassuring. We were involved in many of the largest offshore development projects in Egypt, serving major oil, exploration and construction companies. In short – in an industry where projects rarely come small, Capital Marine is the strongman who can provide a very big help.

- CAPITAL ISO 22000
- CAPITAL ISO 45001

OFFSHORE SUPPORT

Offshore operations need strong support – at sea, onshore and alongside. With decades of experience in the Egyptian main oil and gas producing regions, Capital Marine has the know-how and equipment needed to make sure even the biggest jobs go as planned.

We combine our Group's expertise in shipping, logistics and marine services with the power of our fleet of specialist craft and crew boats to meet the demand for offshore support with precision in planning and execution.

From exploration to production

Precise in planning and executions, our wide-ranging solutions cater to customers engaged in various stages of offshore surveys, construction, pipe and cable laying, exploration, extraction and production activities.

From exploration to production

Precise in planning and executions, our wide-ranging solutions cater to customers engaged in various stages of offshore surveys, construction, pipe and cable laying, exploration, extraction and production activities.

Services include anchor handling, transporting of construction materials, barge and tug support, crew transportation, delivery of supplies and provisions, emergency response, and more.

Offshore marine operations can also benefit from Capital Marine's onshore supply and maintenance bases in selected locations.

As you would expect, safety has always been our watchword. Capital Marine is an award winner in the provision of safe and incident-free operations, and has obtained accreditations in safety, quality, environment and management standards.

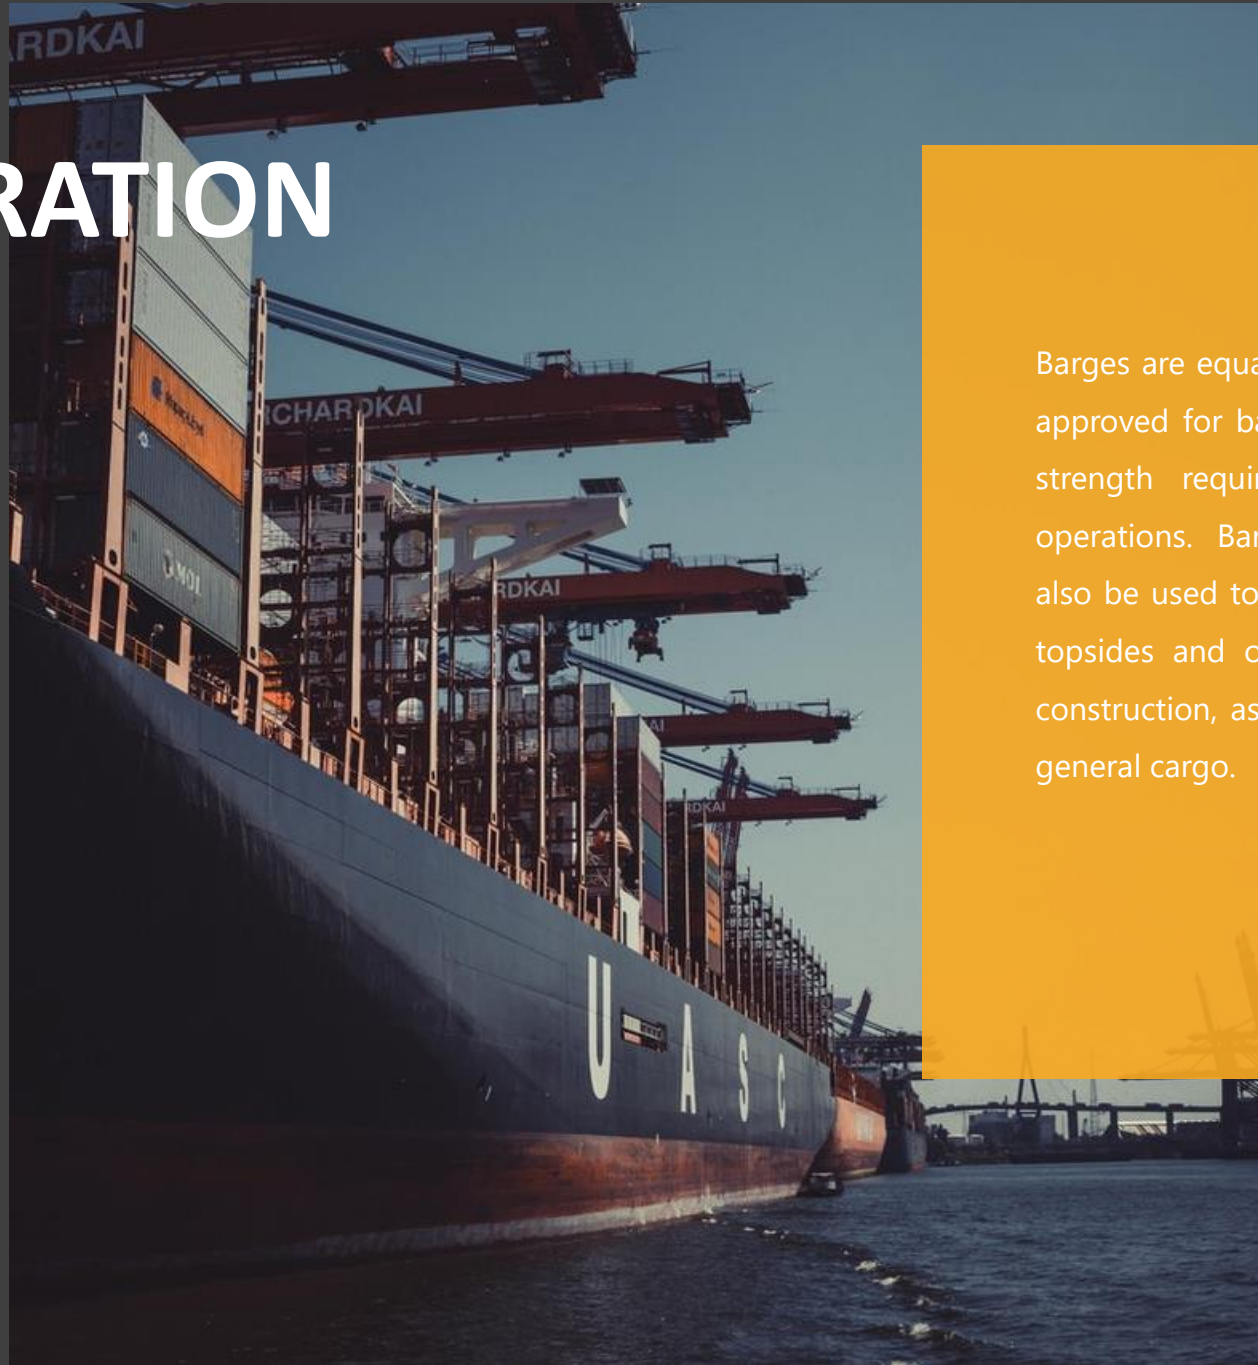

TUG & BARGE OPERATION

Tugs and barges are the workhorses of the offshore and marine world. They transport all types of cargo, often to remote areas with little infrastructure and services in support of countless oil & gas and construction projects in Egypt.

Tow tugs are well suited for a variety of tasks ranging from general towage and barge handling in support of dredging operations to serving as monitoring or guard vessels. Tugs are also often involved in berthing assistance and towing third party equipment.

www.capital-cml.com

Barges are equally versatile. Our barges are approved for ballasting and have the deck strength required for heavy lift Ro-Ro operations. Barge transportation can be also be used to carry coated pipes, jackets, topsides and other materials for offshore construction, as well as for lighter age and general cargo.

RIG MOVING OPERATION

A safe and smooth rig move takes serious muscle, meticulous planning and solid expertise. A skilled rig mover like Capital Marine has the resources and plenty of operational experience in handling both on- and off-shore rig moves.

An offshore rig move usually use a lead good capacity tug coupled with one or more assisting tugs. Capital has the advantage of being able to draw on our own fleet of anchor handling and tow tugs, as well as other service craft to support such operations.

Capital Marine experts and resources can be commandeered to support rig moves at a variety of locations.

FREIGHT FORWARDING

Capital Marine provide a world-leading logistic service which includes spares forwarding of a large variety of products and project freight, the coordination of complex operations involving out of gauge shipment of larger parts.

Expert care

We offer an extensive set-up. Our dedicated agents work in local environments and all possess core know-how of a vessel's needs. The key to shipping is to ensure coordination and long-time planning of supplies to customers.

Your shipment will be packed, arranged and closely monitored during the entire transportation from warehouse to its final destination.

FREIGHT FORWARDING

Our services include:

SHIP SUPPLY SERVICES

Capital Marine is your one-stop resource for all of your stores and provisions. Everything from a specific brand of coffee to a vital ball bearing for the machine room. We serve vessels offshore and in port, whether it is at berth, anchorages or off-port limits.

We stock a wide range of specialist products to satisfy every crew. Of course we can also arrange to stock special items that are regularly needed on request.

Our global sourcing team makes sure that economies of scale are always exploited. Provisions and stores items are sourced locally in competitive areas and distributed to local Capital warehouses directly.

Our logistics expertise is a core element of our competitive edge, and provides us with the foundation to serve every vessel, platform or military operation based on a thorough understanding of your individual needs – encapsulated in our mission.

All products can be accompanied by certifications as required.

Provisions

Capital offers a complete range of fresh, frozen and dry provisions that are stocked in our own warehouses containing state-of-the-art refrigeration and freezer facilities. Fruit, vegetables and dairy products are purchased and delivered daily from the market.

Bonded Stores

Capital stocks a wide range of beers, spirits, cigarettes and confectionary, as well as perfumes, toiletries and an exclusive range of gift items. Additionally we offer our customers an extensive range of electronic items, including the very latest models of TV, DVD and stereo equipment. Our range also extends to clothing and luggage items, meaning we can satisfy every need.

Cabin Stores

A complete range of cabin stores is available from all our branches. Everything from soap to bedding and galley equipment is available in a variety of forms. We also equip new-buildings by sourcing equipment from around the world. We ensure that all partners in the purchasing process are satisfied from the procurement departments to the individual seafarers.

Deck & Engine Stores

Capital carries all types of ship accessories and nautical equipment for decks, engines and cabins. Charts, nautical publications, flags and stationery as well as safety equipment, rust removers, brushes, tools and much more are available from our local warehouses. We deliver engine stores, such as tools, bolts, screws, steel as well as heavy machinery and we supply electrical equipment in all voltage ranges to suit any application, from a simple light bulb to the most advanced electronics.
